## Updates & News

### August Exam Block

Congratulations to all students who participated in the August Exam Block. We are pleased with the way you managed the exam conditions alongside very long days. You are to be applauded for the effort that you put into these exams.

### ATAR Portal

Students who will be ATAR eligible this year, will be able to register to access their ATAR result through the QTAC ATAR portal from the 12th October 2021.

To register, students will need to provide their full name (as shown on your QCAA learning account), date of birth, LUI number and a personal email account.

Students' LUI numbers can be found on their school ID card. If you are unable to obtain this information, please see Hubbard's reception.

ATAR Portal

# Updates & News

## QTAC Applications

If you plan to submit a QTAC application, you are encouraged to do so as soon as possible.

You may also wish to begin the process for the Educational Access Scheme (EAS) applications which require supporting documentation from medical professionals.

Students may also consider organising a time to meet with Cathy about their QTAC applications if they would like to discuss their preferences or consider submitting an EAS.

If you're an SEE student and haven't collected your QTAC Guide, please see Admin.

## Philisophical Quote

“ Education  
is not the filling  
of a pail, but  
the lighting  
of a fire. ”

William Butler Yeats

# Updates & News

## QCAA Exam Block

### Arriving on time

It's imperative that students arrive on time for their exams. This means arriving no later than 30 minutes prior to the exam start time so that you are prepared and the exam protocols setout by QCAA can be carried out.

### Parking

For those students who drive to school, it would be advisable to make alternative arrangements for the QCAA block exams. The visitors' parking bays, as well as all other undercover parking for the building may be occupied by the Exam Supervisors and the QCAA invigilators. On street parking is a 2-hour limit but many of the exams will be 3 hours or more.

## QCAA SEE Timetable

QCAA have now finalised the Senior External Examination Timetable for Hubbard's School. This applies to all AARA and Non-AARA students unless your exam is scheduled for an alternate day, in which case you will have received a personalised email from the Hubbard's Admin team.

If you have any queries, please don't hesitate to contact [admin@hubbards.qld.edu.au](mailto:admin@hubbards.qld.edu.au)

*\*Note: start times for afternoon exams may vary between 12:30pm & 1:15pm*

## 2022 Subject Information Evening

You are invited to virtually attend the **2022 Subject Information Evening** held by Cathy.

Due to the current Covid-19 restrictions put in place by the State Government, this will now be held online via Zoom. The link to attend the Zoom meeting will be emailed out to all families Tuesday, 5th October 2021.

**When:** Wednesday, 6th October 2021

**Time:** 6pm

The options for subject choices for senior school students will be changing next year, and it is important for parents and students to understand the differences between the General and Senior External (SEE) subjects offered in 2022.

These changes will particularly impact the assessment of the subjects. While the delivery will continue to be through the compressed curriculum, i.e., units 1, 2, 3 & 4 taught in one year, the assessment mode will be different between the General and SEE subjects.

It is essential all students enrolling in 2022 have a thorough understanding of the options available next year before making their selection, therefore we encourage all parents and students to **virtually attend the Information Evening**.

## School Calendar Updates - 2021

### September

30 School Holiday

### October

1 School Holiday  
6 2022 Subject Information Night  
22-29 QCAA Exam Block

## Hubbard's School Surveys

Within the next month we will be seeking valuable feedback through short surveys for both students and parents, with the aim to continuously improve your and future families experience at Hubbard's. Keep an eye out for these surveys - we would appreciate anytime you may have to complete them.

## 2022 Enrolment Agreements

We are in the process of finalising the Enrolment Agreements for 2022. We are hopeful that you will receive a copy of this within the next week and we encourage you to complete your students enrolment at your earliest convenience.

Due to the high demand on certain subjects, some subjects may need to be capped, meaning those who enrol earlier may receive priority in subject selection.

Hubbard's strives to deliver a quality education and maintain high standards in our pedagogical approach in small and supportive classrooms.

## Contact with our Principal

Cathy would like to welcome all parents, guardians and students to meet with her to discuss anything! She welcomes open communication via phone, email or by appointment.

## Feedback

If there is something particular that you would like to hear about or see featured in this newsletter or if you have any feedback, please let us know.
